30° x 60°, 1219 mm (48 in), Medium Beam Angle

Premium interior concealed linear luminaire with intelligent white and color light

Innovative PureStyle Powercore luminaires bring lighting professionals high output in a compact, easily concealed luminaire. PureStyle delivers exceptionally high-quality light for a wide range of interior applications from cove to wall-washing to backlighting and beyond. Here are just some of the powerful advantages that PureStyle brings to lighting professionals and their clients.

- Unbeatable Performance Major innovations, including a unique optical cluster, enable PureStyle to deliver up to 95 CRI, lumen outputs of up to 800 lm, and color temperatures that range from 2000 K to 10000 K all with superior beam quality that delivers bright, smooth light.
- Innovative Design With its compact size and an extremely short mixing distance, PureStyle can excel in areas where traditional linear luminaires are impractical. It's available in 305 mm (1 ft) and 1219 mm (4 ft) aluminium housings, as well as a range of beam angles including wide (100° x 100°), medium (30° x 60°), and narrow (10° x 60°). Interlocking connectors ensure end-to-end installation without visible light scalloping between luminaires just pure, seamless light.
- Superior Color Consistency Improves color consistency between all LED luminaires in a family with Chromasync technology. During the manufacturing process a calibrated light measurement device creates an algorithm to define a common color gamut for an entire family of LED luminaires. When Chromasync is enabled, color consistency between luminaires is achieved without having to manually adjust color points on each luminaire.
- White and Color Light PureStyle combines tunable white and dynamic color light in one innovative, high-performance luminaire that's easy to install and control.

- High R9 Values PureStyle delivers R9 values that can reach up to 81. Saturated red light gives objects and surfaces a vibrant and rich color that is ideal for spaces where ambience is important.
- Industry-Leading Controls PureStyle luminaires work seamlessly with the complete Color Kinetics line of controllers, including iPlayer 3, Light System Manager, and ColorDial Pro as well as third-party controllers.
- Higher Efficiency, Lower Cost All PureStyle luminaires integrate Powercore technology, which controls power output to luminaires directly from line voltage – rapidly, efficiently, and accurately. The Color Kinetics Data Enabler Pro merges line voltage with control, and delivers them to the luminaire over a single standard cable – simplifying installation dramatically and lowering total system cost.
- Easy Installation PureStyle luminaires accept power input of 100 to 277 VAC for consistent installation anywhere in the world. Powercore allows long runs and eliminates the need for special wiring and external power supplies. For example, special connectors enable PureStyle luminaires to be connected directly (using jumper cables) with leader cables or with the terminator.

For detailed product information, please refer to the PureStyle Product Guide at www.colorkinetics.com/global/products/intellihue/purestyle/

Specifications

Due to continuous improvements and innovations, specifications may change without notice.

Output

•	
Beam Angle	30° × 60°
Lumens 2700 K [†]	2,784
Lumens 4000 K *	2,560
Efficacy (lm/W) 2700 K	61
Efficacy (lm/W) 4000 K	61
CRI 2700 K	93
CRI 4000 K	91
CRI R9 4000 K	58

Electrical

Input Voltage	100 to 277 VAC, auto-ranging, 50/60 Hz
Power Consumption	52 W
(Maximum at full output, steady state)	
Power Factor	0.9 @ 100 to 240 VAC
	0.85 @ 277 VAC
Surge Limits ¶	1 kV maximum differential (L to N)
	2 kV maximum common (L to Gnd or N to Gnd)

For additional Surge Protection Requirements for LED Lighting Systems, please refer to www.colorkinetics.com/KB/surge-protection.

Control					
Interface	Data Enabler Pro (DMX or Ethernet)				
Control Channels	4 channels per 1 ft section				
For additional Control Channel information, please refer to https://					
colorkinetics.helpdocs.io/article/fv5rkpvclq.					

Control System

Color Kinetics full range of controllers, including iPlayer 3, iPlayer 4, Antumbra iColor Keypad, and ColorDial Pro, or third-party controllers

Remote Monitoring & Management Works with Interact Landmark

Luminaire Run Lengths

To calculate luminaire run lengths and total power consumption for your specific installation, download the Configuration Calculator from www.colorkinetics.com/ support/install_tool/

Certification and Safety

Approbation	UL/cUL, FCC Class B, CE, PSE, CQC, RCM					
Environment	Dry/Damp Location, IP20					
For additional Energy Efficiency Class Information, please refer to https://						
colorkinetics.helpdocs.io/article/cviis2p8qq.						

* Correlated color temperature (CCT) complies with ANSI C78.377-2008 for the chromaticity of solid state lighting products.

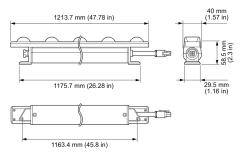

† 305 mm (1 ft) lumen output measurements comply with IES LM-79-08 testing procedures. 1219 mm (4 ft) measurements are estimated based on the 305 mm (1 ft) measurements.

§ Lxx = 50% lumen maintenance (when light output drops below 50% of initial output). All values are given at B10, or the median value where 90% of the LED population is better than the reported or calculated lumen maintenance measurement.

¶ Minimum surge limits per IEC 61547, tested in accordance with IEC 61000-4-5.

¶¶ Lumen maintenance figures are based on lifetime prediction graphs supplied by LED source manufacturers. Whenever possible, figures use measurements that comply with IES LM-80-08 testing procedures. In accordance with TM-21-11, Reported values represent the interpolated value based on six times the LM-80-08 total test duration (in hours). Calculated values represent time durations that exceed six times the total test duration.

Dimensions

Photometrics 2700 K, 30° x 60°, 305 mm (12 in)

Photometric data is based on test results from an independent NIST traceable testing lab. IES data is available at www.colorkinetics.com/global/support/ies.
